GODIN 5TH AVENUE

\$625; www.godinguitars.com

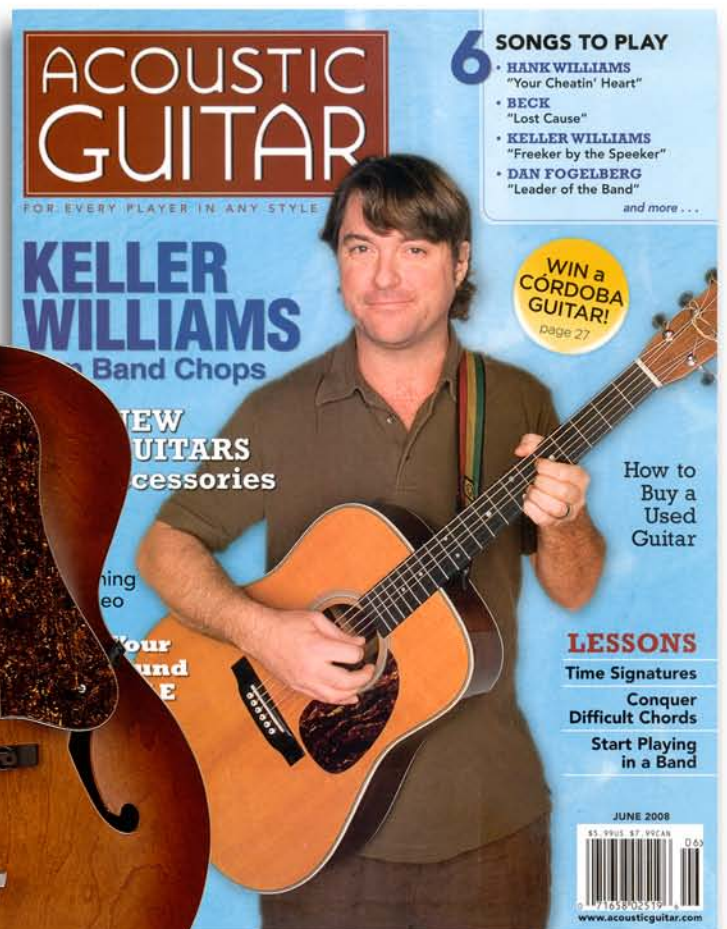

THE SPECS: Canadian wild cherry top, back, and sides. Silver leaf maple neck. Rosewood fretboard. Adjustable rosewood bridge. 24.84-inch scale. 1.72-inch nut width.

THE COOL: Vintage-style acoustic archtop with contemporary playability.

THE STORY: Inspired by factory-made vintage archtops, the 5th Avenue uses laminated woods (pressed into the 16-foot arched radius top shape), a floating fretboard, and adjustable bridge. The guitar is available in natural, black, and "cognac burst" (shown).
